SUPPLEMENTAL MEMORANDUM

RULES AND OPEN GOVERNMENT'S RECOMMENDATIONS ON THE SUNSHINE REFORM TASK FORCE PHASE II RECOMMENDATIONS

REASON FOR SUPPLEMENTAL

Subsequent to the creation and approval of the recommendations contained in the Sunshine Reform Task Force (SRTF) Phase II Public Records section pertaining to *Statistical Reports Prepared by the Independent Police Auditor*, leadership in the Office of the Independent Police Auditor (IPA) has changed, bringing a new perspective to the office. After reviewing the language contained in this section, the Acting Independent Police Auditor has raised some new questions and would like additional time to understand and review the requirements.

With approval of this Supplemental Memorandum, staff will review the Acting IPA's concerns and bring this item back to the Rules & Open Government Committee for consideration at a later date.

The revised recommendation is below.

RECOMMENDATION

Approve the Sunshine Reform Task (SRTF) recommendations on Ethics and Conduct, Technology, Administration and Accountability, and portions of SRTF recommendations on Public Records, as amended by the Rules and Open Government Committee, with the exception of Section 6.1.1.050 – *Statistical Reports Prepared by the Independent Police Auditor*, which will be considered by the Rules and Open Government Committee at a later date, and adopt a resolution implementing the provisions on a pilot basis.
